
EVENT REPORT-EXPLORE FULL STACK-THE ULTIMATE HANDS ON WORKSHOP

Event Name: CIT Explore – Full Stack Development

Location: Coimbatore Institute of Technology (CIT)

Type: Exploration Event

Description:

I participated in the CIT Explore event focused on Full Stack Development. The session provided an overview of frontend and backend technologies and explained how web applications are built. It was useful in understanding the complete development process from user interface to server-side logic.

Outcome:

I improved my understanding of full stack development concepts and gained exposure to web technologies.
